OUR PHILOSOPHY

Being a Safe Environment

Those struggling with PSB are often stigmatized, yet more than **90% are victims** of physical, emotional, or sexual abuse. At Paradise Creek, we offer a non-judgmental space for our residents to explore their past and understand their present behaviors.

Beyond Symptom Management

By integrating several therapeutic modalities, we go beyond simply managing compulsions. We uncover the hidden issues feeding problematic behaviors.

Personalized Care

There is no one-size-fits-all here. Every recovery strategy is uniquely tailored to address the specific needs and long-term goals of our residents.

THE RIGHT CHOICE FOR YOU

If you or a loved one is struggling with PSB, look no further than Paradise Creek. Our team of highly-qualified healthcare specialists offer the best treatment possible.

At Paradise Creek, we don't just aim for temporary relief—we focus on total healing and lasting recovery.
